**Notes:**

1. These rules represent the current practices of Regence BlueCross BlueShield of Utah. They can be changed at any time throughout the year without notice.
2. Changes from closed or open plans can only be made to open plans (no changes to closed plans or Conversion plans).
3. Deductible changes on closed plans are not allowed due to grandfathering rules; can only change to open plans.
4. Adding Dependents to a closed plan is allowed if they meet eligibility requirements.
5. Changes from another BCBS carrier outside of Utah can only be made to Conversion plans.
6. Members currently enrolled on a closed plan must move to an open plan to change networks.
7. A network change from the closed Participating (Traditional) network to any other network is allowed without triggering underwriting. However, the associated plan change may require underwriting.
8. A network change from the FocalPoint or ValueCare network to the BlueOption network requires underwriting. Changing from the FocalPoint network to the ValueCare network also requires underwriting.
9. All members switching from BlueAdvantage to an open product will need to go through underwriting.
