

# HTCC Decision: Negative Pressure Wound Therapy

Implementation 1/1/18

## **Definition of “Complete Wound Therapy Program”**

A minimum of the following measures must be addressed and documented:

- a. Evaluation, care and wound measurements by a licensed medical professional, and
- b. Application of dressings to maintain a moist wound environment, and
- c. Debridement of necrotic tissue if present, and
- d. Evaluation of and provision for adequate nutritional status, and
- e. Standard forms of treatment specific to the type of wound.
