Serving Oregon since 1941

We have 82 years of experience focusing on the unique health care needs of Oregonians. And as a tax-paying nonprofit, we're here to support you—not shareholders.

Here's what you get with Regence

With head-to-toe coverage and assistance programs at no extra cost to you, Regence plans are designed to help simplify your life. Here are some highlights:

Preventive care

You'll pay nothing for preventive care when you see an in-network provider for things like annual wellness visits, vaccinations, women's reproductive health and diagnostic screenings.

Primary care

Visit your primary care provider for checkups and to manage chronic conditions. If you choose a Regence Essential or Virtual Value plan, you also have access to Virtual Primary Care to visit your PCP virtually.

On-demand virtual care at low to no cost, 24/7

Connect virtually with board-certified physicians at a low copay or choose one of our plans that cover virtual medical care in full. Visit with a doctor or mental health provider whenever and wherever it's convenient for you.

Pediatric dental and vision

Coverage for pediatric vision includes one routine eye exam and eyewear. Pediatric dental coverage provides two dental exams and cleanings covered at 100%, along with coverage for basic (you pay 20%) and major (you pay 50%) dental care.* The deductible is waived and dependents are eligible up to age 19 on both benefits.

Local customer service

At Regence, our members are also neighbors—so we treat them that way. No scripts. No time limits. Never outsourced. Just caring people who go above and beyond to help you. Whenever you need help, you can talk to a highly skilled representative in seconds.

Virtual care saves a vacation

"We were on vacation in the middle of nowhere. This option saved me a two-hour round trip to the ER. That would have cost me a fortune. So thankful for this option."

—Regence member

*Standard plans do not include pediatric dental.

Behavioral health support

Mental health matters. That's why Regence health plans give you a range of options, like virtual therapy, life-balance assistance and personalized care management. We make support simpler and more accessible—so you can get the right level of care at the right time.

Tools to help you manage your health

Find a new doctor, check your deductible and pull up your member ID card on your phone. You can even chat with us when you have a question. Best of all, when you sign in to your member home page on the website or the app, your tools are all personalized to you based on your benefits.

Extra support for life's challenges

Life doesn't always go as planned. From relationship issues to financial stress, you might need extra support from time to time. The Individual Assistance Program (IAP) puts professional help in your hands, including four counseling sessions per incident, peer group support, legal guidance, lifestyle support, 24-hour crisis help and more—all at no additional cost to you.

Wellness rewards and benefits

With Regence, it pays to live well. Our plans include a personalized well-being solution, Regence Empower™, which allows you to earn up to \$100 in rewards for completing an online Health Assessment and other wellness-related activities like an annual checkup.

Value-added programs are not insurance but are offered in addition to your medical plan.

*Regence Advice24 chat is not available on Essential plans.

Your choice of plans

Choosing a health plan is a big decision, so we're here to help you find affordable coverage that meets your needs. You can shop for a plan directly with us or on the Health Insurance Marketplace, where you'll find Regence plans. Below is a short description of the different plan types we offer.

Traditional plans

Low-cost access to providers and no referrals needed. All plans include coverage for office visits, specialists, mental health, generic medications and alternative care.

POPULAR WITH

Individuals and families who want a low-cost option and like knowing what they'll pay for services.

Essential plans

Lower premiums in exchange for higher out-of-pocket costs. These plans offer potential savings for those who don't need a lot of care. Built around no-cost virtual care for primary, urgent and mental health care needs. With Virtual Primary Care through Doctor On Demand, you get a dedicated primary care physician and an integrated care experience. Four office visits to a primary care provider, specialist or urgent care clinic are covered before you meet your deductible.

POPULAR WITH

Cost-conscious individuals and families who have low care needs and are most likely to use preventive and virtual care services.

HSA plans

Opportunity to use pre-tax HSA dollars to pay for qualified expenses and help with out-of-pocket costs. There's no deductible for prescriptions on our Optimum Value Medication List.

POPULAR WITH

Individuals and families who like taking control of their health care dollars and want a tax advantage.

Virtual Value

Plans built around low- to no-cost virtual care options to keep premiums low. Great for managing your care virtually, wherever you are. You also have access to Virtual Primary Care through Doctor On Demand.

POPULAR WITH

Cost-conscious individuals and families who don't have frequent care needs and are likely to use virtual care services.

Standard

Plans with predictable out-of-pocket costs on medications and provider visits. Provide the first three combined primary, behavioral or virtual visits for \$5, plus more services covered before you meet the deductible.

POPULAR WITH

Individuals and families who like knowing what they'll pay for services and medications.

How do I choose a plan?

When considering which plan is right for you and your family, it's important to identify how much care you and your family expect to need. Do you take medications regularly or have a chronic condition? What about additional coverage and benefits? Your answers can help you determine how to balance your deductible, premium and out-of-pocket costs to best fit your needs. Learn more about how each plan type may fit your individual health situation on our [site](#).

It's also important to consider the network. Selecting a plan with the broad Individual and Family Network gives you more options for care. If you live in the greater Portland-Vancouver metro area, Legacy Health Partners Network plans offer an integrated network of providers who collaborate to improve quality of care and satisfaction.

Which metal level is right for me?

Gold plans are a good option if you expect to need a lot more than preventive care over the course of the year. On the opposite end, Bronze plans are a good fit if you're generally healthy and don't often need care. Silver plans strike a balance between premium and out-of-pocket costs and may qualify for cost-sharing savings if you're eligible.

Bronze level

This option offers a lighter premium and heavier out-of-pocket costs.

Silver level

This option balances premium and out-of-pocket costs.

Gold level

This option offers a heavier premium and lighter out-of-pocket costs.
